Australia's Trusted Provider of Healthcare Communications

A New Benchmark in Nurse call.

Introducing Trinity MII, an IP Hybrid Nurse call Platform from Australia's Trusted Provider of Healthcare Communications.

SEDCO Overview

SEDCO has an all-inclusive approach to effectively integrating communication technologies into busy hospital and aged care environments, in order to increase efficiency and provide the best patient care.

Here at SEDCO we don't believe in adding a few features to voice systems, or producing data products based on inferior or in-practical technologies. We believe in producing the best system, that provides the latest in nurse call functionality and integration whilst being reliable.

SEDCO has developed a host of applications, simplifying communications for healthcare and aged care providers and system users. Applications are powered by intuitive client software, providing easy management and business intelligence.

With SEDCO systems installed in over 80% of Australian hospitals, SEDCO is Australia's most trusted manufacturer and provider of healthcare communications. SEDCO is proudly an Australian company, operating for over 42 years.

Seamless Integration through SEDCO Applications:

- RFID - PAGING - REPORTING - INTELLIGENT TELEVISION
- BMS - EMAIL - PATIENT BED MANAGEMENT - SECURITY
- FIRE - Wi-Fi - PATIENT ENTERTAINMENT - SMS
- PATIENT INTERACTION MANAGER - STAFF ALLOCATION
- MEDICAL RECORDS - PATIENT INFORMATION

AS 3811 standard compliant Call / cancel stations.

Benefits:

- Self diagnosis and reporting of faults
- Structured cabling
- Simple plug and play
- Intuitive client software
- Waterproof call points for wet areas
- Easy to press buttons with braille
- Wireless communications
- Customisable call / cancel stations

IP is here to stay and only an AS 3811 compliant IP system should be installed in a healthcare facility, that system is the Trinity MII platform from SEDCO Communications.

Only SEDCO have delivered a fully featured IP nurse call system that complies with all the requirements in AS 3811.

SEDCO are the ISO 9001:2008 manufacturer of Healthcare Communications.
